March 2008

Thanks to everyone who participated with the misspelled words in last month's newsletter. As most of you figured out there were more than 10. My challenge was to see if you could find more than

10. However, even if you called or emailed me with only 10 you still got put in the drawing for the gift certificate to Carmie's. The winner in the drawing was, drum roll please.....Diane

Seisel. Congratulations Diane.

The referral program will start March 1, 2008.

Make sure to refer friends and family to win great prizes and wait.....even money!!! REFER, REFER, REFER!

I would like to take this time to welcome some new staff members to our family. Most of you have already met Sam, a therapy tech. Michelle Walker will be helping with our billing and Val Gillig is our wellness specialist/general office.

If you have any comments or questions please contact our office @ 419-448-5533 or send an e-mail to annafretz@yahoo.com

I hope our newsletter finds you and your loved ones in good health and good sprits. This month I am putting a story a great friend of mine sent me. Some of you may know him, Dr. Don. He puts a smile on my face every time I get an e-mail from

him. I hope you enjoy it as much as I have. Have a great and attractive month ☺

A semi-truck had to take a small back road to get to its final destination. On that road was a bridge that the truck had to pass under. The truck slowly went under the bridge and when the truck first came into contact with the bridge, the driver accidentally accelerated the vehicle and full lodged himself halfway under the bridge. The Police and Emergency teams were called in... Tow trucks were brought in... First they pulled. Then they pushed. The truck was stuck. After

about an hour or so of this a small boy rode up on his bike and asked a policeman what was going on. The policeman responded that the truck was stuck and they were unable to dislodge it. The boy looked at the truck, looked at the bridge and said to the policeman "why don't they let the air out of the tires?" Sometimes we need 'fresh eyes'. Sometimes we are too involved with whatever the project is to come up with a 'better' answer. Sometimes, when the boy tells us his idea, we are too closed minded to accept.

Quote

As nightfall does not come all at once, neither does oppression. In both instances, there is a twilight when everything remains seemingly unchanged. And it is in such twilight that we all must be aware of change in the air however slight, lest we become unwitting victims of the darkness.

-Justice William O. Douglas
